Docket No. N2012-1

NOTICE OF THE UNITED STATES POSTAL SERVICE OF FILING OF  
REVISIONS TO DIRECT TESTIMONY OF MARC A. SMITH ON BEHALF OF  
THE UNITED STATES POSTAL SERVICE (USPS-T-9) – ERRATA  
(March 15, 2012)

The United States Postal Service is today filing revisions to the Direct Testimony of Marc A. Smith on Behalf of the United States Postal Service (USPS-T-9). These revisions largely result from revisions made by witness Dominic Bratta to library reference USPS-LR-N2012-1/31 to correct errors discovered during the course of the Postal Service preparation of its response to Question 22 of Presiding Officer's Information Request No. 1.<sup>1</sup> As a result of witness Bratta's corrections, witness Smith's calculation of maintenance labor savings has been reduced from \$611.4 million to \$602.4 million. This change necessitates corrections to Tables 3-5 and 11 as well as to textual references to the savings on pages 2, 14-18, 21, and 26.

In addition, on page 24, the number of zip codes currently receiving automated letter sorting has been revised, in accordance with witness Smith's response to interrogatory GCA/USPS-T9-9. Further, minor references on pages 5-6 of the Appendix have also been corrected.

<sup>1</sup> See USPS-LR-N2012-1/31 REVISED – Maintenance Materials in Support of USPS-T-5, Docket No. N2012-1 (Feb. 24, 2012).

For clarity and ease of reference, the Postal Service is filing, as an attachment to this Notice, a full, revised version of witness Smith's testimony, instead of filing only the revised pages.

Respectfully submitted,

UNITED STATES POSTAL SERVICE
